

Worried about your CalWORKs or CalFresh benefits and the Federal Shutdown?

Your benefits are not affected at this time.

Due to the federal government shutdown, February CalFresh benefits for eligible participants may be issued early between January 15-20, 2019.

If you receive your February 2019 CalFresh benefits early, plan your food budget. Additional benefits will not be issued in February 2019.

The early issuance of CalFresh is not an additional benefit, but an early issuance of the February 2019 CalFresh benefits.

Please note: If you receive CalFresh and have a report due in January 2019 that you have not submitted, please complete that process. Approved benefits are scheduled to be issued on the regular case issuance date (February 1-February 10, 2019).

We will provide additional details as they come available.

You can check your EBT balance at 1-877-328-9677
